REASONS FOR ALLOWANCE

1. The following is an examiner's statement of reasons for allowance:
2. Claims 12 and 19-21 are allowed. The closest prior art references Mathiowitz (WO 00/32307) and Onouchi (4,898,781) fail to expressly disclose or in combination teach the claimed method of preparing triple-layered microcapsules containing an enzyme consisting of the claimed steps. As per MPEP § 211.03, the transitional phrase "consisting of" excludes any element, step, or ingredient not specified in the claim. The selection of the claimed process steps using the claimed components within the prior art involves an unduly and unobvious amount of modifications, wherein the references fails to motivate one to arrive at the totality of the claimed invention. It is not known in the art of microencapsulation, there is no motivation to do so, nor, would it have been obvious to one of ordinary skill at the time of the invention. Hence, the invention as a whole is regarded as novel and unobvious over the prior art.
3. Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

Any inquiry concerning this communication or earlier communications from the examiner should be directed to SAIRA HAIDER whose telephone number is (571)272-3553. The examiner can normally be reached on Monday-Friday from 10am-6pm.

If attempts to reach the examiner by telephone are unsuccessful, the examiner's supervisor, James Seidleck can be reached on (571) 272-1078. The fax phone number for the organization where this application or proceeding is assigned is 571-273-8300.
